

ICVS 2017	Sapphire 202
Wednesday 22 November 2017	
Time	
Moderator : Dr. Narut Thanantong	
14.00-15.00	Stem cell therapy for dogs and cats: promising clinical evidence from Japan <i>Dr. Yoshihiro Kishigami</i> (English)
15.00-15.30	COFFEE BREAK
15.30-16.30	Innovation for animal and human health <i>Assoc. Prof. Dr. Pongrama Ramasoota</i> (English)
ICVS 2017	Sapphire 202
Thursday 23 November 2017	
Time	
Chairperson : Assist. Prof. Dr. Siriruk Chantakru	
09.00-09.20	SO-01 : Relationship between days before parturition and the measurement of fetal biparietal diameter in pomeranian bitches by using ultrasonography <i>Nattaporn Khunwongwiwat</i>
09.20-09.40	SO-02 : An <i>In Vitro</i> study of antibacterial activity of mangosteen pericarp extract on canine pyoderma pathogen, <i>Staphylococcus pseudintermedius</i> <i>Phornpa-ngan Muadmuang</i>
09.40-10.00	SO-03 : Comparing the effect of commercial hepatic supplement and silymarin in lowering alanine aminotransferase enzyme (ALT) in hepatitis dogs <i>Wanitchaya Boonpitak</i>
10.00-10.20	SO-04 : The isolation and antimicrobial sensitivity of the microorganisms isolated from canine severe corneal ulcers in Thailand <i>Daneeya Ekapopphan</i>
10.20-10.50	COFFEE BREAK
Chairperson : Assist. Prof. Dr. Siriruk Chantakru	
10.50-11.10	SO-05 : Exploring the new anti-diabetic therapy of yoghurt drink <i>Lactobacillus plantarum</i> isolated from giant honey bee ( <i>Apis dorsata</i> ) gut <i>Dion Adiriesta Dewananda</i>
11.10-11.30	SO-06 : Occurrence of genes encoding beta-lactamases and class 1 integrons in effluents and underground water collected from pig farms in a Mekong Delta province <i>Le Thi Thanh Thuy</i>
11.30-11.50	SO-07 Antimicrobial resistance profiles of <i>Escherichia coli</i> isolated from small holder pig farms in Kampong Speu province <i>Sophanmey Sreng</i>

ICVS 2017	Sapphire 202
11.50-12.10	SO-08 : Serological detection of transmissible gastroenteritis virus antibodies in swine from backyard farms in selected provinces in Luzon, Philippines <i>Maria Patricia E. Gungon</i>
12.10-13.30	
Time	
	Chairperson : Assist. Prof. Dr. Siriruk Chantakru
13.30-13.50	SO-09 : Antimicrobial effect of soursop fruits ( <i>Annona muricata</i> ) against methicillin resistant <i>Staphylococcus aureus</i> (MRSA) <i>Ng Kian Yiing</i>
13.50-14.10	SO-10 : Avian Bornaviral Ganglioneuritis in Blue-Fronted Amazon Parrots ( <i>Amazona aestiva</i> ) <i>M.Y. Vivian Chong</i>
14.10-14.30	SO-11 : The Effect of treated Meniran ( <i>Phyllanthus niruri</i> Linn) plant infusum on featuring liver histopathology of <i>Aeromonas hydrophila</i> infected Tilapia ( <i>Oreochromis niloticus</i> ) <i>Diana Puspitahati</i>
14.30-14.50	SO-12 : Comparison of antibody responses to Newcastle disease in village chickens vaccinated with I2 and commercial ND-IB combined vaccine <i>Mya Hmu Aein</i>
14.50-15.20	COFFEE BREAK
15.20-15.40	Young Scientist Poster Session
15.40-16.00	
16.00-16.20	
ICVS 2017	
Friday 24 November 2017	
Time	
	Moderator : รศ.สพ.ญ.ดร.ปฐมมาพร เอ็มวิศิษฐ์
09.00-10.20	Alternative prototype of fowl cholera and bovine hemorrhagic septicemia vaccines <i>ผศ.น.สพ.ดร.ณัฐวุฒิ สติตเมธี</i>
10.20-10.50	COFFEE BREAK
10.50-12.10	บรรยายพิเศษ : Rational drug uses in veterinary medicine <i>ผศ.นพ.พิสนธิ์ จงตระกูล</i>
12.10-13.30	
Time	
13.30-14.50	Award presentation / Closing speech at Sapphire 201 (President of TVMA)
14.50-15.20	COFFEE BREAK
ICVS 2017
